

ST ANDREW'S C of E PRIMARY SCHOOL

Humanities:

A single thread does not make a cloth

Originating from the Yoruba people of Nigeria, this proverb means that individual efforts are small and fragile on their own.

True strength, resilience, and beauty come from weaving individual contributions together.

Our key question is: How is our culture enriched by diversity?

We will learn about the ancient Kingdom of Benin. We will consider how modern culture is enriched by West Africa. In DT we will learn about traditional West African textiles and use this in our designs, in music we will learn Djembe Drumming.
